FLEMISH WATER CUBE
STANDARD GLASS

* All Iron Doors are handmade and individually finished. Because of this no two finishes are alike and minor differences are to be expected.

* Hammond and Craftsman are offered in clear glass.

ABOUT OUR IRON DOORS

EASY-OPEN GLASS

All doors come standard with operable glass panels. Three cam latches open to allow complete access to both sides of the glass. This provides easy access for security and ventilation. It also makes cleaning the glass quick and easy.

LUXURIOUS GLASS

Jemison's standard door includes upgraded Flemish Water Cube glass.

AIR-TIGHT SEAL

Six heavy duty iron latches ensure an air-tight seal between the operating glass panel and door.

SUPERIOR HARDWARE

Each door has three sets of oversized heavy-duty hinges for smooth operation and extra strength to meet DP-50 requirements.

HANDCRAFTED DESIGN

5/8" scrollwork is handcrafted on each door to ensure a beautiful secure look.

ABOUT OUR IRON DOORS

9' Tall Doors Stock - Jemison Wholesale Door is the only stocking dealer of nine-foot tall Iron Entry Doors. Nothing enhances your front elevation and creates a stunning entryway like a nine-foot Iron Door unit. So, if your ceilings are ten foot or above don't miss an opportunity to use a nine-foot door and completely change the look of your home.

DP-50 Rated - All Jemison Iron Doors are DP-50 rated for coastal use. Jemison goes above industry standards with three sets of heavy duty hinges on both our doors and glass panels for additional strength and smooth operation.

Quick Ship Program - Because we believe that getting your door should be quick and simple, we keep our Iron Doors in stock so you receive your new Iron Door quickly.

Easy to Install - Our 2"x 6" heavy duty frame is pre-drilled to assist your installation in a plumb and square framed rough opening.

9-Step Finishing - Jemison's 9 step finishing process includes hot dip galvanizing in zinc, two coats of primer, two coats of finish paint, a decorative finish, and a clear coat to ensure your door receives the best finish in the industry.

Completely Insulated - Our door slabs, panels, frame members, and even thresholds are injected with foam to completely insulate each door.

Custom Doors - Custom designs, sizes, and finishes ship in 12-16 weeks.

Framing Dimensions:

Door	Dimensions (W x H)	Rough Opening
8' Double Door	64" x 98"	65" x 98 1/2"
9' Double Door	64" x 110"	65" x 110 1/2"
8' Single Door	40" x 98"	41" x 98 1/2"
